## **Mansfield Palace Theatre is excited to launch Summer Skills Week**

this August. A fun, creative experience for young people in Mansfield and nearby areas. Running from Monday to Friday, the week offers high-energy workshops in drama, dance, and singing, all led by professional performers. It's a great chance for children to build confidence, learn new skills, and make friends in a supportive setting. The week finishes with a showcase for family and friends to celebrate what the group has achieved.
