

# Enchanted Forest Pebbles

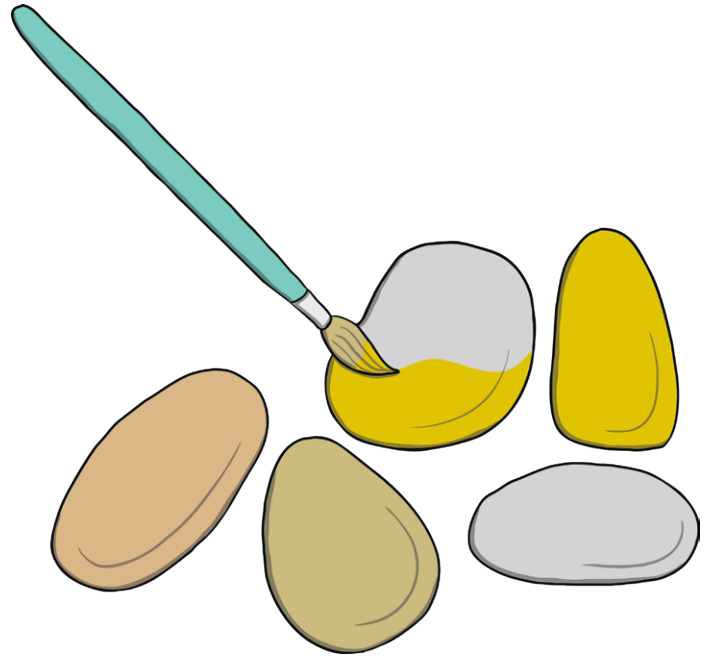

Level 5

Kit and Sam see lots of different creatures as they approach the Enchanted Forest. Why don't you make your own creatures and imagine you are in an enchanted forest, too?

## You will need:

- Smooth pebbles
- Paint
- Paintbrushes
- Black felt-tip pens
- White glue
- Googly eyes
- Pipe cleaners (optional)
- A cardboard egg box cut up
- **i\_e** name cards

## Instructions:

- Choose a creature you want to design. Think about what colours you might need.
- Paint the pebble the main colour of your creature. For example, a fox pebble would be orange.
- After the paint has dried, draw on some details using black pen.
- Stick on the googly eyes.
- Add any other decorations using pipe cleaners, paint or pen.
- Paint the whole pebble in white glue to seal it.
- Use the cup part of the egg box and decorate it to make a home for your pebbles.
- Now, choose a name for your pebble or use one of the **i\_e** names we have given you.
