### **Sherwood Class- Science Tots**

Dear Parents/Carers,

We are really excited to share that in the summer term Sherwood class will be taking part in some additional Science sessions with Nina Williams from Science Tots- Nottingham. These sessions will run in school on Thursday's, beginning 02.05.2024 and continue for duration of 6 weeks (see below for exact dates).

Science Tots provide interactive, hands-on science experiments and investigation sessions that allow children to apply their learning in a variety of really exciting scientific ways. Nina works with the school regularly and children may remember her from their Science Tots sessions in Holbeck and from our whole-school Science Week activities last year.

The sessions they complete this year will all be completely new activities that they won't have accessed in any previous Science Tots sessions. Each session is 45 minutes long and completed in smaller groups of 14 to allow each child to have dedicated access to all of the equipment and resources that Science Tots provide.

The fee for the course of sessions is £26 per child. Please could you log on to your Arbor account to pay for these sessions before the start of the summer term (15.04.2024). If you have any problems with this, please don't hesitate to speak to one of the Sherwood team.

Please find details of the dates of each session and the topic that will be covered:

- Thursday 2<sup>nd</sup> May - When I Grow Up
- Thursday 9<sup>th</sup> May - What's the Matter?
- Thursday 16<sup>th</sup> May- Geology Rocks
- Thursday 23<sup>rd</sup> May- Fun with Physics
- Thursday 13<sup>th</sup> June - Mini-beasts
- Thursday 20<sup>th</sup> June- Super Spring

We know that the children are going to get so much out of these session and really enjoy them. Keep an eye out on Tapestry where we will post all about it each week!

Many thanks,

The Sherwood Team 😊
